

## **REYC General Meeting 040816**

All bridge officers were present. The meeting opened with the Pledge of Allegiance.

Paul and Karen Watsic came to talk about the Spring Fling (April 30<sup>th</sup>). Karen Watsic addressed the members with some information she had concerning the event. She said the menu is similar to last year's menu. Sean is doing the food. The cost is \$35.00 and includes food and a DJ. Shrimp used to be included, but the price went up. The price point is different with less people attending. She thinks we might make \$500-\$600. The DJ is Jon Boesche from MIX 106.5. He gave us a break on the price from \$500 to \$400. for 5 hours. This is a club event. We used to have more people attend. She has the roster for 12 years to see what members attended. Maybe 15 people from the Red Eye attended. The club needs to support the event because it is a club event. Erni asked if there was ever a consideration about using REYC kitchen with Erni cooking. Karen said she cannot do the food because now she has a daughter and has multiple events with her daughter that day. Discussion on past events and who attended.. The Commodore recommended that we have a meeting before the Spring Fling for next year. Members were in agreement. Karen had a spread sheet of estimated cost per person. Jerry said the cost of Keg is \$103.00. He said to double her estimates for beer and wine. From \$3.00 to \$6.00 per person that will bring the cost for each person to \$34.50 per person, so we need more people to attend. Stephanie will put a flyer out to other clubs.

**Treasurer-** Karen presented the monthly report and the previous year report. The expenses are similar to last year with the exception of the utility bill. Last year was \$9,285.00. This year's utilities are \$3,281.00. Significantly decreased because of new propane.
