Happy holidays and Happy New Year. Be safe. Hope to see everyone at our Valentine's dinner on Feb. 10.

### Message from Rear Commodore Luigi Toto

Well winter is here. I hope everyone has their boat winterized if not you're too late the damage is already done. I don't like the cold weather so I'm headed down to Florida on December 10th. I hope everyone had a nice Christmas and got everything they wanted and gave everything they wanted to give, especially their close loved ones.

They mean more than anything else in life. Keep them close. I want to wish everyone Merry Christmas and a Happy New Year. I'll be back on January 10th for the three C's ball. I hope to see lots of you then. Until then keep warm and stay healthy. God bless and love you all. See you soon.

### Message from F/Captain Randy Hamilton

Once again I would like to wish everyone a Merry Christmas and Happy New Year. The plans and decorations for our room for CCC's shouldn't disappoint. I'm looking forward to it and want to thank Commodore Mike, First Lady Steph, and everyone who has dedicated their personal time and money into hopefully making it a great weekend! At the last meeting I brought up that if anyone has any requests or suggestions about our land cruise, to let me know but I haven't got too much. That goes for not only the land cruise, but anything. My phone and email are always on and close by! Thanks

**January meeting will be January 5th, because of the CCC weekend.**

would approve. This poem is entitled:

### THE WAY TO A HAPPY NEW YEAR

To leave the old with a burst of song

To recall the right and forgive the wrong

To forget the things that bind you fast

To the vain regrets of the year that's past

To have the strength to let go your hold

Of the not worthwhile of the days grown old

To dare go forth with a purpose true

To the unknown task of the year that's new

To help your brother along the road

To do his work and lift his load

To add your gift to the world's good cheer

Is to have and to give a Happy New Year

I just want to add one line to this and you all know what
